Welcome to the Venues of Mapleside where you will discover the idyllic setting for your wedding or next special event.

Nestled among nature's beauty, our selection of venues offers an array of options to create the wedding or event of your dreams.

"Truly a unique venue. We had our wedding in the barn and it was AMAZING. All the modern amenities but still retained the rustic charm we were looking for. The view of the sunset from the deck must be experienced rather than explained. I've seen the sunset at Mapleside before, but on this day, it was a beautiful storybook ending to a perfect day. Taste of Excellence did an amazing job and everyone was raving about the food and service. I can't say enough about our experience. I wouldn't change a thing."

Our company hosted our annual summer event here! We were able to bring games on-site and a live band-- the venue provided adequate space for all our activities and 300 guests! Not only was the venue amazing, but the food was delicious through Taste of Excellence catering. The main event coordinator was very helpful, responsive, and reliable! Our company looks forward to hosting another event here at Mapleside Farms. Oh-- one last thing, the view from the barn is IMMACULATE!!

"I got married on 9/7 at Coppertop and I want to give them a HUGE shout out. We were the first wedding in their new pergola/ ceremony area. The event coordinator - Donna Murrell - is THE BEST. She repeatedly set my mind at ease on details. She accommodated every single thing I asked for, she had awesome suggestions, responded to emails quickly, sent us with a golf course ranger for pictures so we could politely interrupt golfers, and made sure rehearsal, rehearsal dinner, pictures, the ceremony and the reception went smoothly. Their prices are some of the lowest around and the food is so good - we have gotten nothing but great compliments from our guests. The staff was friendly, knowledgeable and extremely helpful both nights. Donna and her assistant Vic work well together and helped us so much. Thank you everyone!"
